All families must choose one of the above payment options. There will be no exception to this policy.

- Families awarded financial aid are expected to meet their portion of the total tuition obligation. **Failure to maintain payment schedule may result in loss of consideration for further assistance.** Early payment discounts will not be applied for families awarded financial aid.
- Past Due Accounts during the 2020-2021 year will be handled in the following manner:
- Any parent/guardian whose account is more than 30 days past due will be asked to meet with the principal to discuss a payment schedule agreeable to the school.
- Any account more than 60 days past due may result in the student not being allowed back to class until repayment plans have been made.
- If the financial obligation is being split between 2 responsible parties, both must complete this form. (Please request additional form from office if needed). Separate FACTS accounts will be required for each payer if Option 2 or 3 is chosen.
